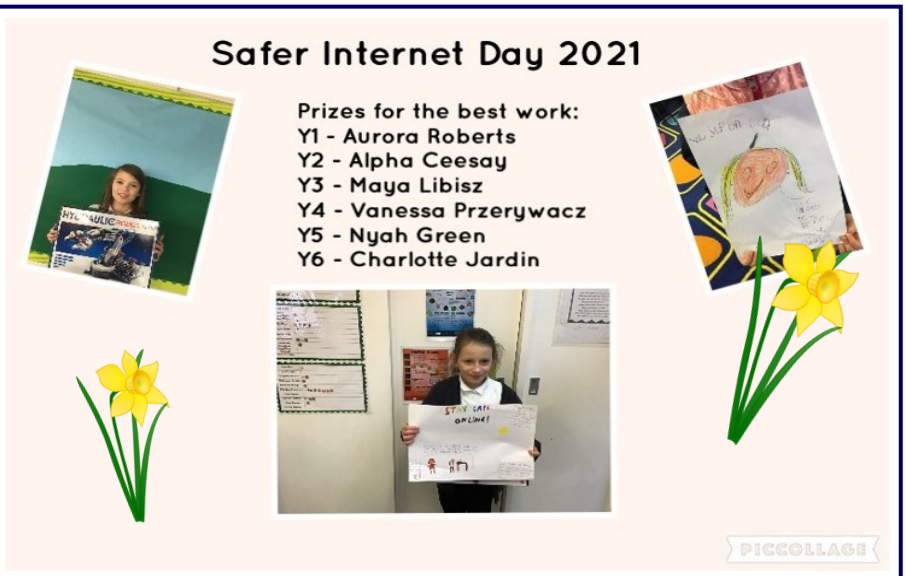
Friday 12th March 2021

WELCOME BACK TO SCHOOL

We missed you! It's GREAT to have you back!

Safer Internet Day 2021

Here are our competition winners for the Safer Internet Day that took place recently and was organised by Mr Hulse, our IT coordinator. Safer Internet day takes place every year. It is organised to help children have a voice and a key role in making the Internet a safer place for children all over the world.



Our Well-being is so important

We are so excited to see all the children back after their period of learning at home and as part of our commitment to children's wellbeing and to support their return to school, each of the classes have been doing different activities with their children. We have taken some photos of their amazing work to share with you and there is also some of the individual children's work on their SeeSaw accounts.
