Friday 23rd Oct 2020

Searching for the Gruffalo

Our Reception children went on a lovely Autumn walk at Queenswood to look for the Gruffalo and enjoy the Autumn colours.

Science and Soil

The children in year 3 have really enjoyed making mini composts as part of their Science topic on rocks and soils. They learnt about the different layers of soil and how they are formed.

PIZZA FRIDAY!

Every Friday, one class from each Key Stage will win Pizza for Lunch for the best attendance during the week!

This week 2Wa and 4B were the lucky winners! YUMMY!

National Fitness Day!

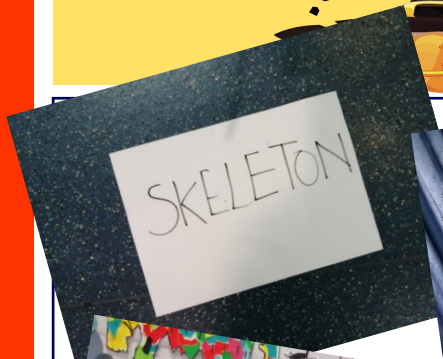
Here are our worthy winner of the National Fitness Day Poster competition!

Their winning posters encourage all of us to eat healthier and exercise more.

The Colour Monster!

As a school we have been looking at emotions and how we identify and manage them. We have used the beautiful picture book The Colour Monster by Anna Llenas to help us explore this. The pictures show some of the wonderful work from across the school.

School resumes on Monday 2nd November. Please stay safe,everyone. Have a good half-term.

Halloween Fun!


BOO!
