Reception Forest School Adventure!

Our Reception children explored the Forest School setting at St. Martins. Mrs Jenkins said, "The children had a fantastic experience using the minibuses to travel to St Martins Forest School. They explored high and low in the trees, searched for Minibeasts, made bird feeders and had a great time watching the frogs hop around."

Young Voices!

Marlbrook recently took part in the Young Voices initiative for the World's Biggest Sing to break the world record of children singing Lovely Day.

219 of our children took part across the whole school.

You can buy the single Lovely Day for 99p and all the money raised goes towards Place2be charity for children's mental health.

The lovely Bluebell

Bluebell in 1H recently had her long hair cut and sent to the Princess Trust. Mrs Hutton said that it was so long that Bluebell could sit on her own hair! What a lovely gesture. Well done, Bluebell.

Mad Scientists in Year 5!

This week in Mad Science the children had fun making 'Space playdough' out of flour, salt, oil, paint and water.

INFORMATION FOR PARENTS/CARERS

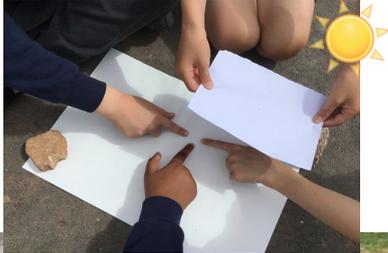

Unfortunately, we must ask that you do not allow your child to wear Apple watches in school or any other wrist media capable or image-taking devices due to safeguarding concerns. Thank you for your cooperation.

Bumper Summer Raffle coming soon . . .

Sun Eclipse

On Thursday 10th June, Year 5 children looked at the partial solar eclipse. One of the children had a special pair of glasses that meant they could look directly at it. However, to enable the other children to look at the eclipse we made holes in pieces of paper and projected the image of the partially covered sun on a blank piece of paper. The children were very excited to link this natural event to their science space topic.

Competition and Challenge reminder!

Remember to have your Internet Safety posters in to Mrs Willett in 5W by 2nd July!
The winning poster will be displayed all around the school.

Prize: A Lego Boost Creative set worth £180.00+

This prize allows you to build motorized robots using Lego, that can be programmed to come to life!

Challenge: Screen-Free time!

This is a challenge to put all devices (phones, tablets, laptops & maybe even TV) aside for as long as you can each day for a week (7 days of your choice before closing date).

You will record how long **the whole household** have been screen-free. The winner will be the family who have ramped up the most hours.

Prize: A set of family board games to keep you entertained when the devices are away.

Pedestrian Road Safety!

Year 4 had their road safety training recently. Mrs Benjamin said all the children realise now how important it is that they lookout for vehicles on the road to keep themselves safe.

The Ugly Duckling comes to Marlbrook!

Our Nursery and Reception children had a fantastic morning watching Sea Legs Puppet Theatre perform The Ugly Duckling to them. The children enjoyed listening to the music, watching the puppets and hearing a
